## In This Session

---

In this 20-minute session, get to know about one of Kaar Tech's SAP-endorsed IPs, KEBS — ProServ in a box powered by S/4HANA Public Cloud.

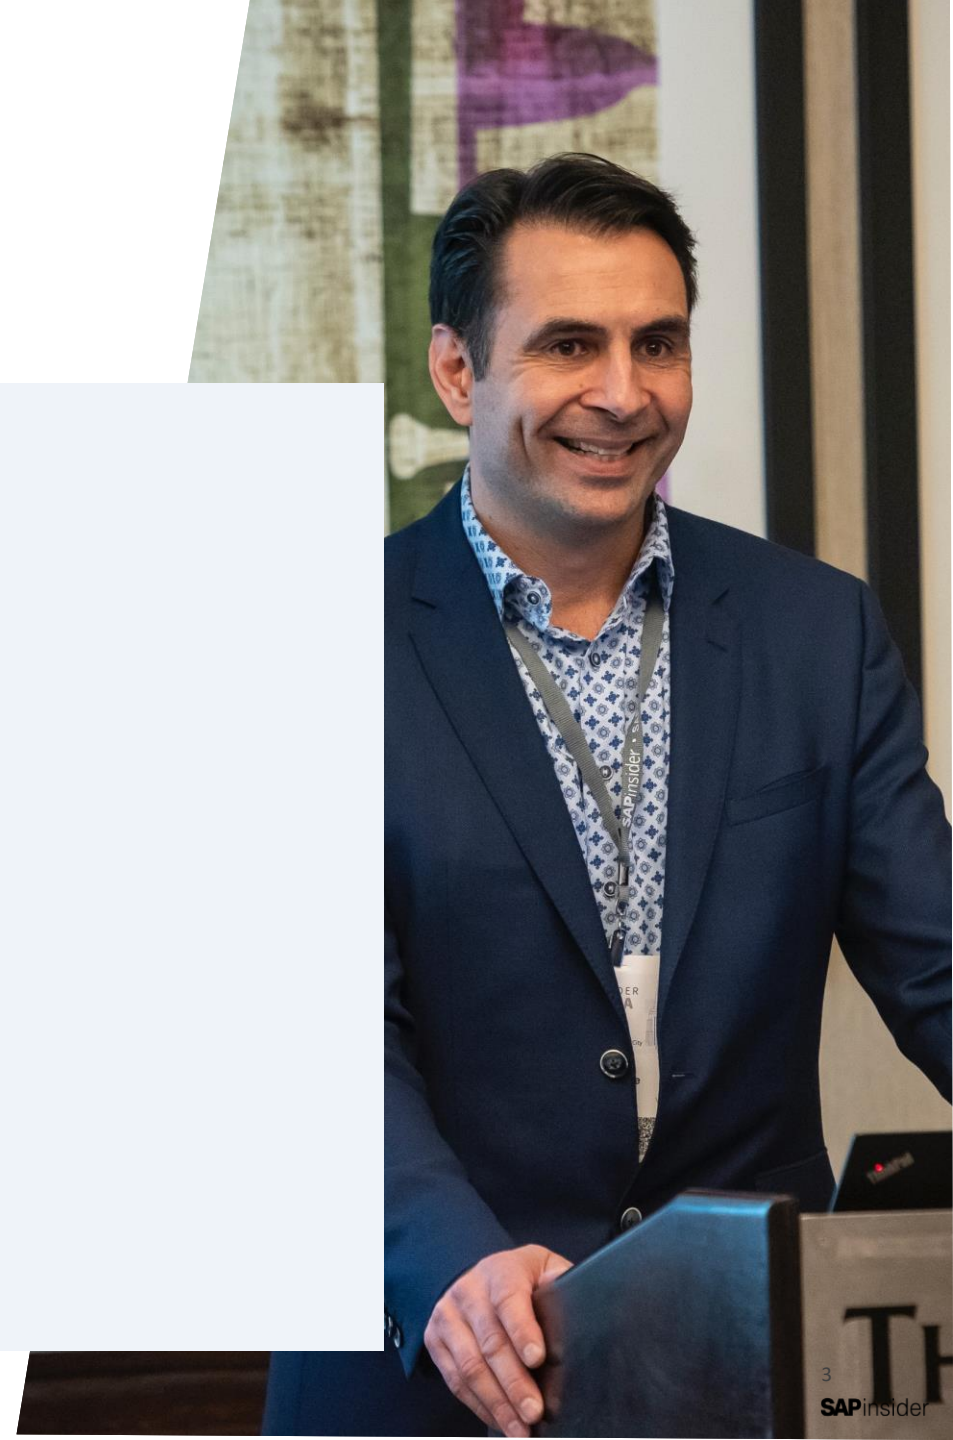

It is an enterprise add-on built to unify all your professional service business operations & will serve as your core Work OS. With its robust unified suite of business functionalities, this can be your one-stop solution that integrates all your key departmental functions inside your organization.

# What We'll Cover

---

- Pro-Serv in a Box
- What's in it?
- UVP
- Sample Screens
- What do you need to buy?
- Wrap-up

# Pro-Serv in a Box: Powered by S/4HANA & BTP

---

Say hi to KEBS, Kaar Tech's very  
own IP!

# Propel Your Pro-Serv Business with KEBS

---

Forget switching between multiple critical applications to get the job done!

Replace them with KEBS, a comprehensive business suite powered by the SAP S/4HANA deployed on the next-gen SAP BTP!

It's the perfect suite for Midsize Professional services enterprises.

**Too many apps to manage business  
have their own toll**

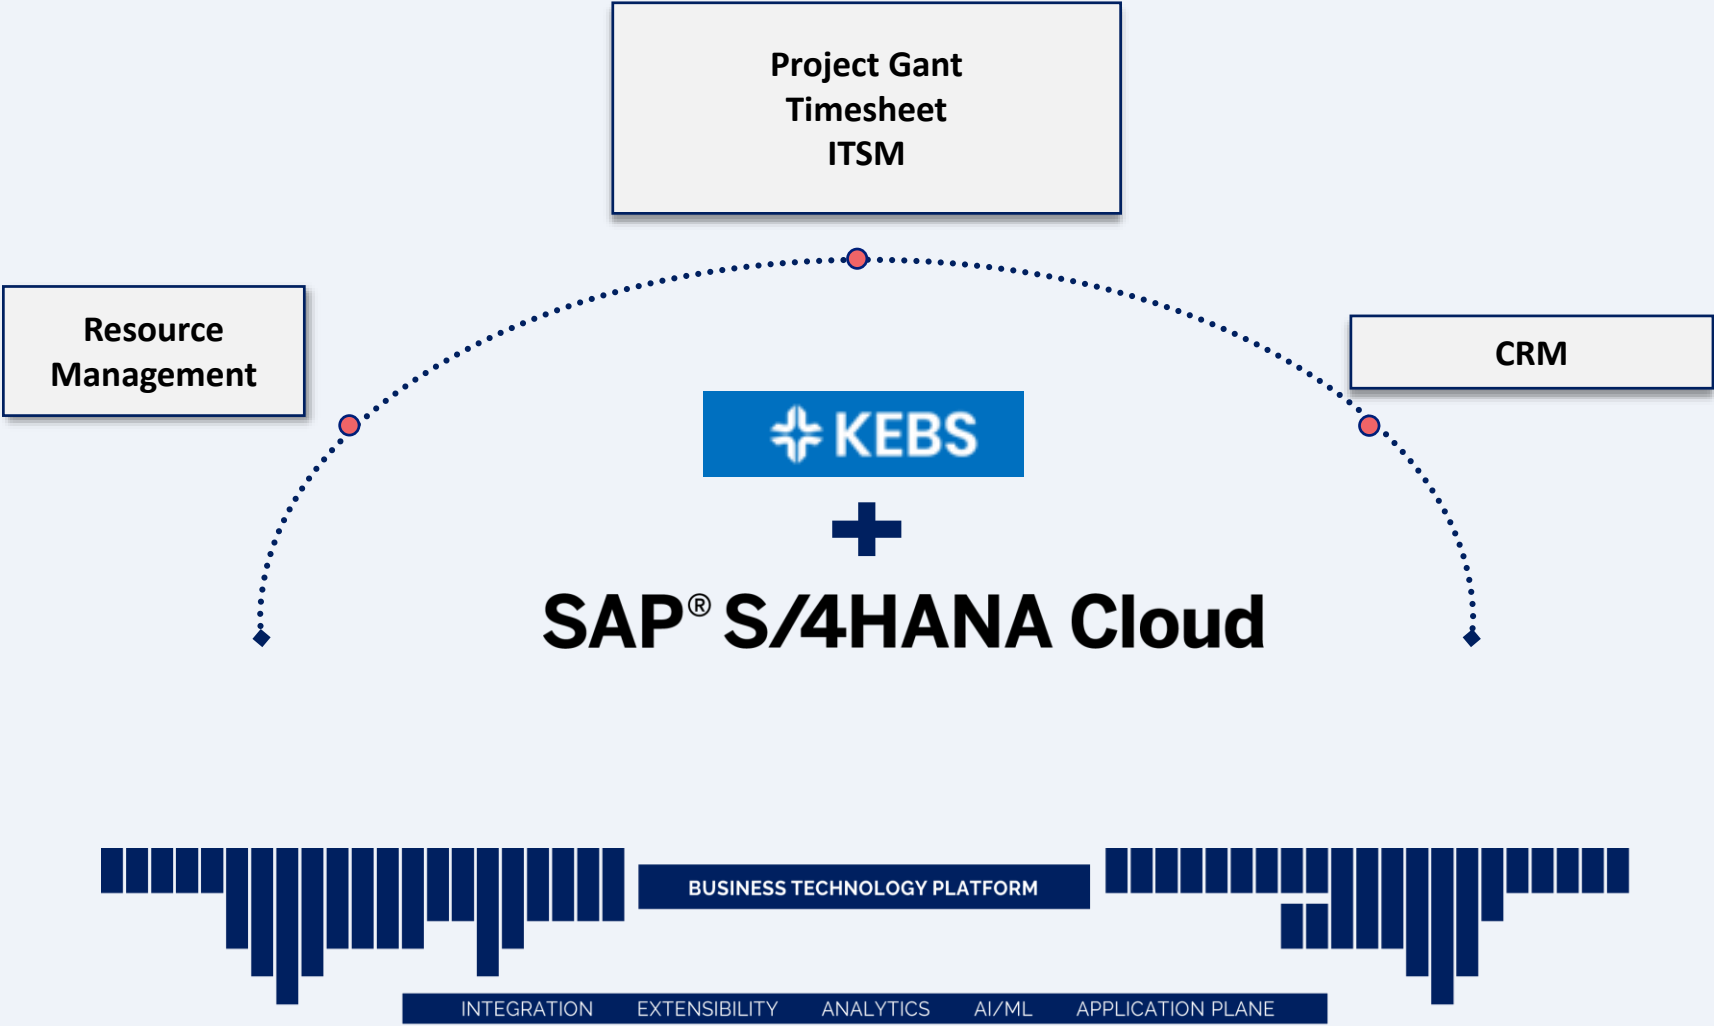

# What's in It?

---

The billion-dollar question...

# The Architecture

# UVP

---

## Benefits and features of KEBS

# Unique Value Proposition

---

- Finance insights in every facet of operations
- Business advisory at all levels
- Integrated OKR solution
- Flexibility to tailor any business process
- LCDP to build custom apps on the fly
- Brings in a Culture of Governance
- Addresses significant industry whitespaces

Our **Unique** Solution
