## Goods receipt of Inbound Delivery

- UX look and feel
- OCR of reference document
- Product image for verification
- Serial number barcode capture
- Blackspot recovery
- Gamification

#MasteringSAPConnectGC25

The image shows a smartphone screen displaying the SAP Goods Receipt of Inbound Delivery form. The form is titled "Rec. HU by Delivery" and includes the following fields and options:

- New Handling Unit:** A text input field.
- Product:** A dropdown menu showing "82" with a calendar icon.
- Description:** A text field showing "Perishable Product 1".
- Quantity to Receive:** A text input field with the placeholder "Input Quantity".
- UoM:** A dropdown menu showing "CS-Case" with a checkmark icon.
- BBD:** A text input field with the placeholder "MMM d, y" and a calendar icon.
- Batch:** A text input field.

On the right side of the form, there is a product image of an orange box labeled "ORANGE" and a camera icon for barcode capture. At the bottom of the screen, there is a "Next" button and a menu icon (three dots).
